# astimonials??

"Using Weather Force now seems natural and fits nicely into my flow to get airborne, it's as easy as: set up flight, start Weather Force, fly!"

- Mutley's Hangar

- **Dan Leman** "You guys have an amazing product that has greatly improved the overall accuracy of my flights. I hope you will take it to the next step to make it even better."
- **Richard Barron** "Love the REX Weather Force app, best thing I've bought for MSFS 2020."
- Robert (Verified Product User) "I'm very impressed with the dramatic weather that Weather Force displays. It seems to be accurate, although in my area we had threats of storms that didn't materialize, but they did in Weather Force. I'm very pleased."

Amirek Tavakoli

"When I have a certain weather conditions at my place, I run the app to compare with the real world and if the real outside is recognizable inside the sim, then it is just a fantastic experience with a 'wow' effect! I am very happy that REX Weather Force is focusing exactly on this aspect in the new platform. I love your app."

Rahal Widanagamage

"This product is very very good product and I am using it whenever I fly. This this is well worth for money and I recommend REX weather engine as a must have add-on for Microsoft Flight Simulator 2020."

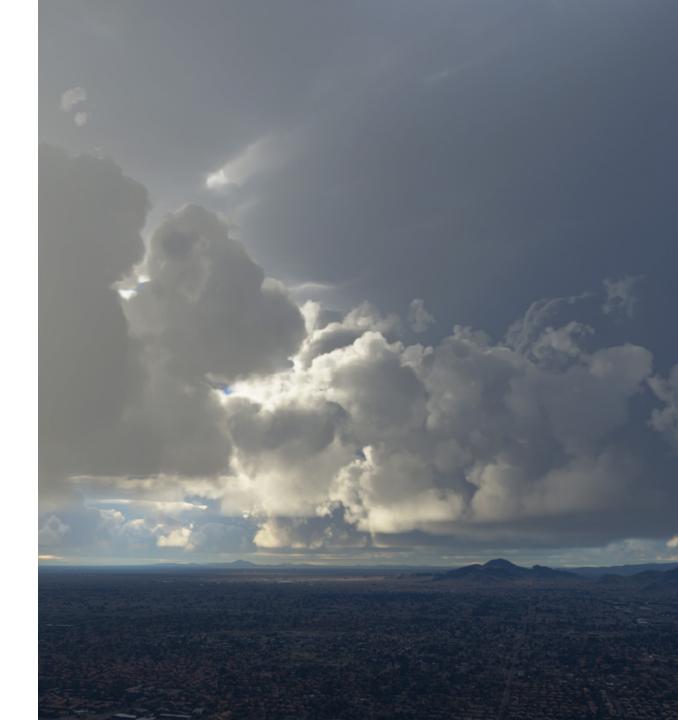

- Mahmood Alhamad "I would say one of the best software to do with the flight simulator weather forecast, thank you very much."
- Dario (Verified Product User) "With this add-on, I see much more weather variations than with default live weather. I really like it very much and highly recommend this wonderful product."
- Matthew Topping "Really enjoying the weather simulator and looking forward to seeing how it improves over time, thanks!"

# "Worth a buy for sure! The results are stunning."

- Steve (Media Hype Train)

"A much needed and welcome addition. With little impact on frame rates. What's not to like?"

— Lester Fish

"REX WeatherForce 2020 does exactly what it claims to do and very accurately. In my humble opinion REX WeatherForce 2020 should be the first software add on you get for MSFS."

— Sky Blue Radio

Jerry Carver

# "I really enjoy the app. Great work, the weather synth looks amazing."

### "Great product and is so much better than the built in FSX weather system."

- Rick Brown

"An excellent add-on for MSFS 2020. The way the weather changed I found to be impressively realistic."

– Dr. John Myatt

- John Erickson "Great work! Rex makes my flight experience so much more memorable and immersive. What you have created is jaw-dropping."
- Kenneth Wood Jr "I have been with REX for quite some years and find your products to be must haves to enhance my flying experiences and ensure I have as close to IRL weather as possible a must for me as a former U.S. Navy weather forecaster/observer."
- Edilberto Batista Mendes Filho "The important thing is that customer support will always continue, this is the reason, since 2009 I have always been promoting REX products."

#### Ignacio Docio

"Great product for the new simulator, with many development possibilities."

#### **Carl McDaniel** "Once installed I like the simplicity and ease of use, very straight forward."

#### Gerardo Godoy

"I never fly without a weather engine and yours is just right."

- **Neil Russon** "Very realistic. Adds great depth to MS2020."
- **Dominic Cardy** "Absolutely excellent product."
- Mark Hill "I'm enjoying this product. Thanks!"

"I have many REX products and I enjoy them all. Well conceived and welcome additions to FSX, P3D and now MSFS2020."

- Paul Anthony Gard

# "I've been using rex products since FSX, keep up the great work."

– Paul Sleight

Wojciech Utek

# "Very good product, well reflecting the conditions."

#### Donald Van Wormer

"I've had REX products for FSX and this one is great!" **Nicolas Maioran** "Love the improved weather." **Terry Liao** "Thank you for the great product, I'm a happy owner of many REX products."

•

- **Rhett Alexander Kelly** "Nice product. Reasonable price. Enjoying it. Thanks."
- **Guy Neild** "I find it more accurate matching my local weather real time than the default weather."
- **Richard Cummins** "Keep up the great work! I have always enjoyed your products when I use them."
